

## PVC AUS 2018: Shaping the Future - Program Outline

Day 1 - 14 March	
8.00 AM	Registration Open
8.45AM	Opening Remarks
9.00AM-9.45AM	Senator Carr ( <i>Invited</i> ) Shadow Minister for Innovation, Industry, Science and Research and member of the Senate Standing Committees on Economics that has held the inquiry into non-conforming building products
9.45AM-10.30AM	Eddie Kwok, IHS Chemical <b>A Global Outlook on PVC supply/demand – will supply get tighter in the next five years?</b>
Conversation Time 10.30AM-11.00AM	
	<b>SHAPING THE FUTURE THROUGH INDUSTRY STEWARDSHIP</b>
11.00AM-11.25AM	Arjen Svenster, ECVI <b>VinylPlus – the European Voluntary Commitment in the Context of Circular Economy</b>
11.30AM-11.55AM	Cristian Barcan, VP Sustainability & Industry Affairs, Vinyl Institute <b>Vinyl for a Purpose-Driven Sustainable Development – a U.S. Perspective</b>
12.00PM-12.30PM	Terence Jeyaretnam, Lilli McCubbin, Stephen Reardon, EY <b>Evolution of voluntary and regulatory Product Stewardship programs in Australia: Challenges, drivers and the future</b>
Networking Lunch 12.30PM-1.30PM	
Parallel Streams	<b>Theme 1 CONSTRUCTION</b>
	<b>Theme 2 TECHNOLOGY DEVELOPMENT</b>
1.35PM-14.00PM	Allan O'Connor, Assistant Director, Directorate of Energy Efficiency, Environmental Resource Management & Sustainability, Environment & Engineering Branch Department of Defence <b>Sustainable Procurement in a large Infrastructure Program – A Purchaser's Perspective on PVC</b>
	Stuart Douglas, innovyz Dennis Collins, PVC Separation <b>PVC Separation – a new chemical technology to separate PVC laminated materials</b>
14.05PM-15.00PM	Darryl Stuckey, Sustainable Design Senior Consultant, Lend Lease <b>EPDs on the high Rise: Supplier Engagement &amp; Whole Building LCA</b>
	Neil Wilson, Romar Engineering <b>3D printing and its aid to manufacturing</b>

## PVC AUS 2018: Shaping the Future - Program Outline

15.05PM-15.30PM	David Baggs, Global GreenTag <b>The comparative life cycle evaluation of PVC vs other flooring</b>	Rob Spekrijse / Berend Stel, Rollepaal <b>Developments in O-PVC extrusion technology</b>
<b>Conversation Time 15.30PM-16.00PM</b>		
Parallel Streams	<b>Theme 1 CONSTRUCTION</b>	<b>Theme 2 TECHNOLOGY DEVELOPMENT</b>
16.05PM-16.30PM	Tracy Wakefield, Plustec <b>Avoiding the Venus Fly trap of Australian windows</b>	Nigel Jones, Technical Manager, Australian Vinyls <b>Development of high bulk density resin for the Australian rigid PVC extrusion market</b>
16.30PM-17.30PM	Rob Jagers, Senior Business Coach, Business Outcomes Group <b>Business Growth Workshop</b> - an interactive session for business owners to identify and evaluate their best opportunities for business growth	
<b>17.35PM Close Day 1</b>		
18.30 Bus to Doltone House		
<b>19.00PM Conference Dinner at Doltone House</b>		

<b>Day 2</b>		
8.45AM	Opening Remarks from Session Chairs	
Parallel Streams	<b>Theme 3 ADVANCES IN PROCESSING</b>	<b>Theme 4 TRENDS IN ADDITIVES</b>
9.00AM-9.25AM	Gerhard Hoffman, Greiner Extrusion <b>PVC Profiles – an expanding market opportunity</b>	Dexter Chan, Arkema and Alex Krassas, Rebain International <b>The merits of pure acrylics to replace CPE</b>
9.30AM-9.55AM	Dario Soncin, Plasmec <b>Latest Development in PVC mixing:</b> <b>(1) Mixing Tools technologies and Cooling Efficiency</b> <b>(2) Reducing the effects of humidity in the PVC dry-blend</b>	Dane Tallen, Baerlocher <b>Calcium based solutions for injection moulding. Can one size really fit all?</b>

## PVC AUS 2018: Shaping the Future - Program Outline

10.00AM-10.25AM	Christian Birzer, Krauss Maffei <b>Plastic Processing Machinery – being prepared for the future</b>	Stephen Moore, Townsend Solutions <b>Global trends in PVC resin applications and additives usage</b>
<b>Conversation Time 10.25AM-10.55AM</b>		
	<b>Theme 5 BUSINESS MANAGEMENT</b>	<b>Theme 6 INDUSTRY DEVELOPMENT</b>
11.00AM-11.25AM	Ben Burden, Employsure <b>How to avoid employee Fair Work claims – unfair dismissal, bullying and harassment</b>	Barbara Nebel, thinkStep <b>Without a seat, three legs alone make no stool</b>
11.30AM-11.55PM	Andrew Abbott, Debt Advisory Consultant, <b>Debt financing strategies in current bank lending environment</b>	Michael Barnacoat, ProGeneus <b>CASE STUDY: Resysta – the Irresistable Product</b>
12.00PM-12.25PM	Andrew Swan, TechPlas Extrusions <b>CASE STUDY: TechBoard – Analysing market entry and acceptance of an innovative product for a previously unexplored market</b>	Helen Millicer, Recycling Projects Manager, Vinyl Council of Australia Mark Richardson, Monash University Department of Design <b>‘Wicked’ sustainable design – tackling end-of-life PVC</b>
<b>12.30PM-1.25PM Networking Lunch</b>		
1.25PM-2.00PM	Sophi MacMillan, Vinyl Council of Australia <b>Vinyl: Shaping the Future</b>	
2.00PM-2.30PM	Australian Energy Council (Invited) <b>The Future of Energy in Australia</b>	
2.30PM-3.00PM	CEO, UDIA ( <i>invited</i> ) <b>Construction Market Outlook</b>	
3.00PM-3.45 PM	Alex Stanley, NAB <b>Australian Economic and Financial Outlook</b>	
3.45-4.00 PM	Closing Remarks	
<b>4.00-4.30 PM Final Networking and Conference Close</b>
